

## COMPACT

The **GA wash basin's** compact size means it can fit into all kinds of premises, even the tiniest. Square in shape, 30 x 30 cm, it provides the ideal solution for hand-washing without taking up too much space.

Ref.: 806 331

Ref.: 806 332

## COMPLETE

The wash basin comes with everything needed: hot and cold water pre-mixer, the hose to connect the pre-mixer to the goose neck, the goose neck itself, and the sink pipe and trap. It has check valves in order to protect the mains drinking water supply. The **GA wash basin** exists as 3 models:

- without splash back
- with splash back
- with splash back and soap dispenser

## STURDY

Made out of grade stainless steel, the GA wash basin is designed to last under the most intensive working conditions. The water supply is controlled by a knee-actuated paddle.

## ERGONOMIC

The round, half-spherical bowl, Ø 275 mm, keeps splashing to the minimum. A space is provided underneath the bowl for the key to the soap dispenser.
