Designline Serve Over Ambient Patisserie

DESIGN LINE PATISSERIE

Model PA9FB

Model PA9

ABOUT

The open rear ambient patisserie is ideal for displaying confectionery, fruit, baked goods or drinks & forms part of the Designline range of freestanding serve over height patisseries - a choice of cold, hot & ambient commercial displays to suit either self help or assisted service retail operations.

The open rear patisserie is available as self help or assisted serve with optional rear doors for loading. A wall sited self help model with fixed steel back panel is also offered.

The Designline self contained display is available in three different lengths, all with adjustable height, lockable levelling castors to easily position the equipment around your serving space.

The display comprises four ambient display levels, each illuminated by 4000k LED lighting - perfect for presentation of fruit and other morning goods. The display also features 3 tiers of sturdy glass shelving and a steel merchandising deck - each shelf is fitted with 40mm point of sale ticket strips.
