ABOUT

The energy efficient, environmentally friendly fan blown cold well is part of the Glide range of mobile dining carts - a choice of cold, hot & ambient commercial catering carts that combine to form a food service counter solution as unique as your requirements !

The cold well circulates a constant stream of cold air within the display area, maintaining pre-chilled food between 2- 5 degrees C, just right for your fruit and vegetables, salads and cold drinks.

This mobile self contained display is available in four different Gastronorm lengths, with locking castors to easily position your equipment around your serving space. The display accepts various presentation dishes and up to 5 no. 1-1Gn (x100) container pans.
